Keeping you safe online

E-Safety

We take e-safety very seriously at school and appreciate you taking the time to report an issue.

We need your help to ensure all users of online resources provided by the school feel safe at all times.

What is e-safety?

Ofsted describes e-safety as a school's ability to protect and educate pupils and staff in their use of technology as well as having appropriate mechanisms in place to intervene and support any incident where appropriate.

Protect

Protecting students means providing a safe learning environment. This can be done through controlling what students have access to whilst at school. In order to stay safe online outside of school, both students and parents must be educated in this area.

REPORT ABUSE

Safe Web Surfing: Top Tips for Kids and Te...

Educate

It is important to be educated in the following areas when using online services.

- **Social Networking** - Understanding the different social networking tools and using them safely.
- **Online Behaviour** - Understanding how to interact online and behave safely.
- **Digital Footprint** - Understanding the impact of your online actions.
- **Viruses/Hacking** - Understanding what actions may leave you vulnerable to hacking or viruses.
- **Online Knowledge** - Understanding what to do in the event of an online issue such as cyber-bullying.

Home Subjects Options Form

Options Portal

All about your future choices

Dear Students,

Making the correct GCSE choices is vitally important. On this section of FROG you will find key information to help you in choosing the subjects you will study for your GCSEs. This should be used to help you make an informed decision which allows you to enjoy your schooling, provide you with a range of opportunities that suit your goals post 16 and ultimately achieve the best possible results.

The options choices selected on the form can be amended as many times as you wish up until the submission deadline of Wednesday 19th April.

Dear Parents/Carers/Guardians,

It is very important that you attend the GCSE Options Information Evening on Thursday 23rd March, which is also the date the options form is activated on FROG. The information evening will provide you the opportunity to meet with a range of staff to discuss the options process, find out further details on each course and examine its suitability for your child. Additional details will be sent home nearer the time.

Above all else it is essential you support your child to choose six options, in rank order, that are right for them as an individual. The options choices selected on the form can be amended as many times as you wish up until the submission deadline of Wednesday 19th April. The form can only be submitted using your child's Frog log in.

If you require any further assistance, then please do not hesitate to contact your child's tutor in the first instance. Alternatively Mr Parker, Deputy Head of Year 8, or myself are available to help where possible.

Use the tabs at the top of this site to explore option subjects and to submit the option choices form.

Mr Johnson, Head of Year 8

Frog Savings Report

Time and money saved at Greenshaw High School

The Frog Savings Report has arrived!

This site is designed to highlight some key areas where Frog has saved money and time for staff, and Greenshaw High School as a whole. So, how has Frog achieved this? You can read some examples by clicking the tabs above.

Carla Harper (School Office Manager) also describes her experiences in the video below.

How Greenshaw High School use Frog to Save Time and Money

 Staff Voice

Foye Weatherhead, Head of History

Frog makes communicating with students so much more efficient, saving us hours of time. Whether it be the department pages providing a library of resources which students can consult or the assignment tool ensuring all students know what homework they have, it makes all these interactions so much easier for all.

Kathryn Rogers-Hinks, Head of KS5 English

I don't need to waste time trying to find things which I want the students to refer to, perhaps for homework. They are all in the same safe RELIABLE place. Most importantly, it allows me to put important student documents/resources in one place really quickly.
