

life  
after  
levels

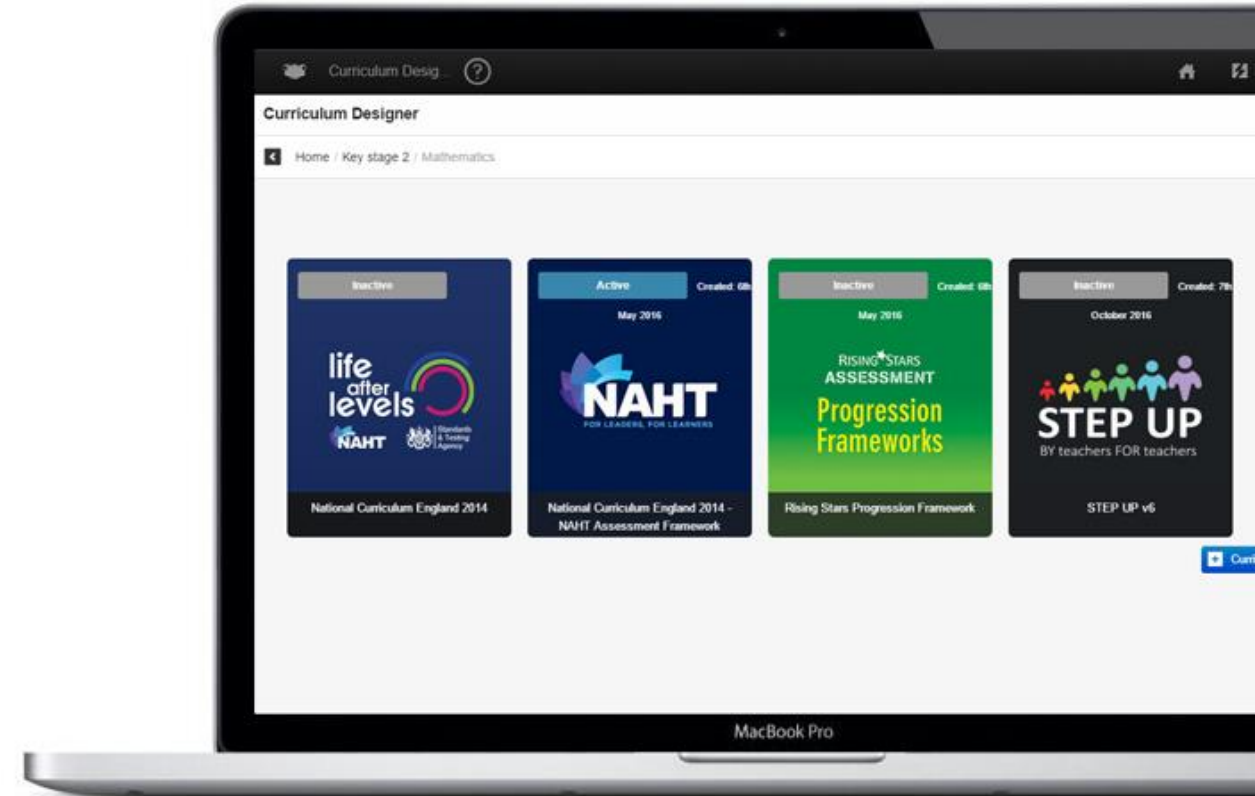

POWERED BY  **frog** Progress

# Life After Levels Curriculum

**Combining NAHT assessment framework KPIs and STA key statements.**

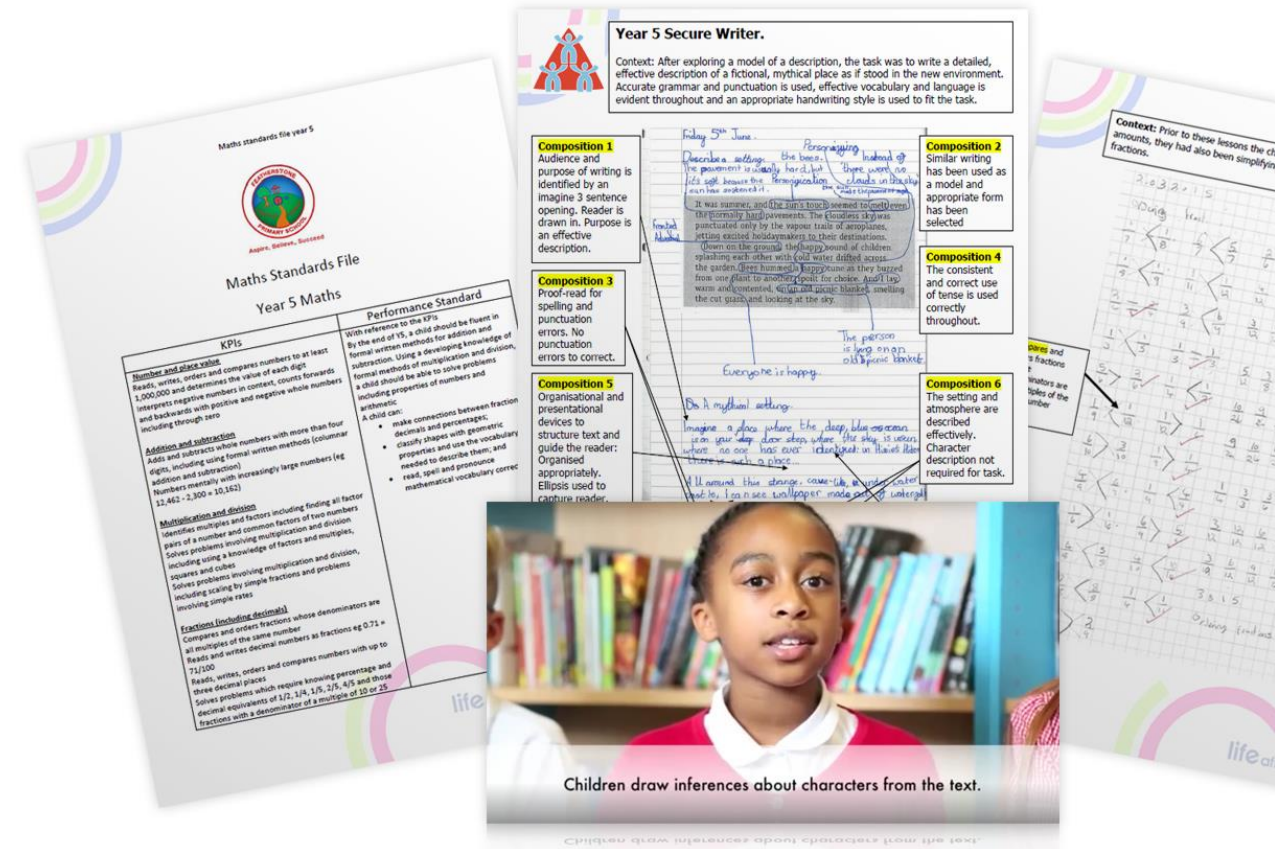

You can trust that if your children achieve these KPIs, they will be working at the expected standard and will pass their national test.

# Exemplar Standards

Working with chief examiners to create exemplification materials for the NAHT assessment framework KPIs and STA key statements

Ensuring consistency of assessment through clarity of standards you can trust, for all your teachers

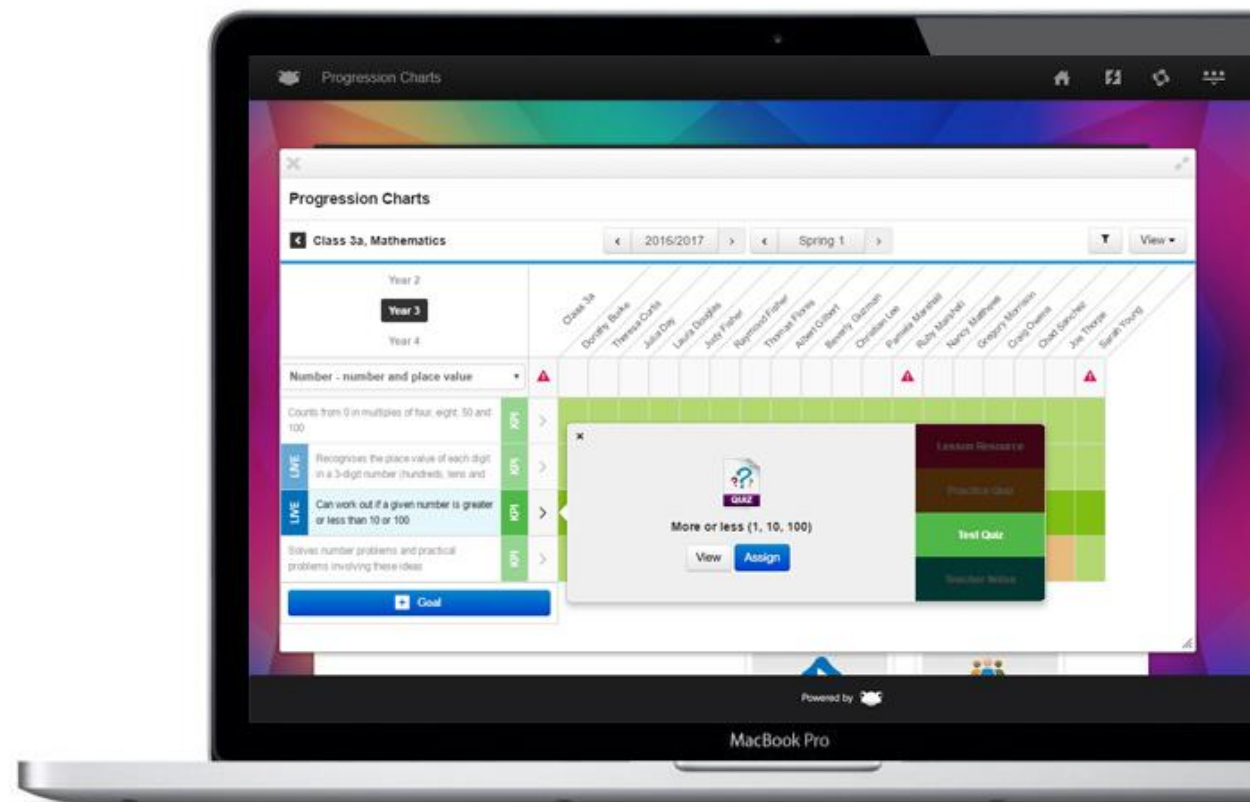

# Tests for every KPI

**Test available soon for every KPI. Developed by chief examiners.**

Saving your teachers time preparing summative assessments

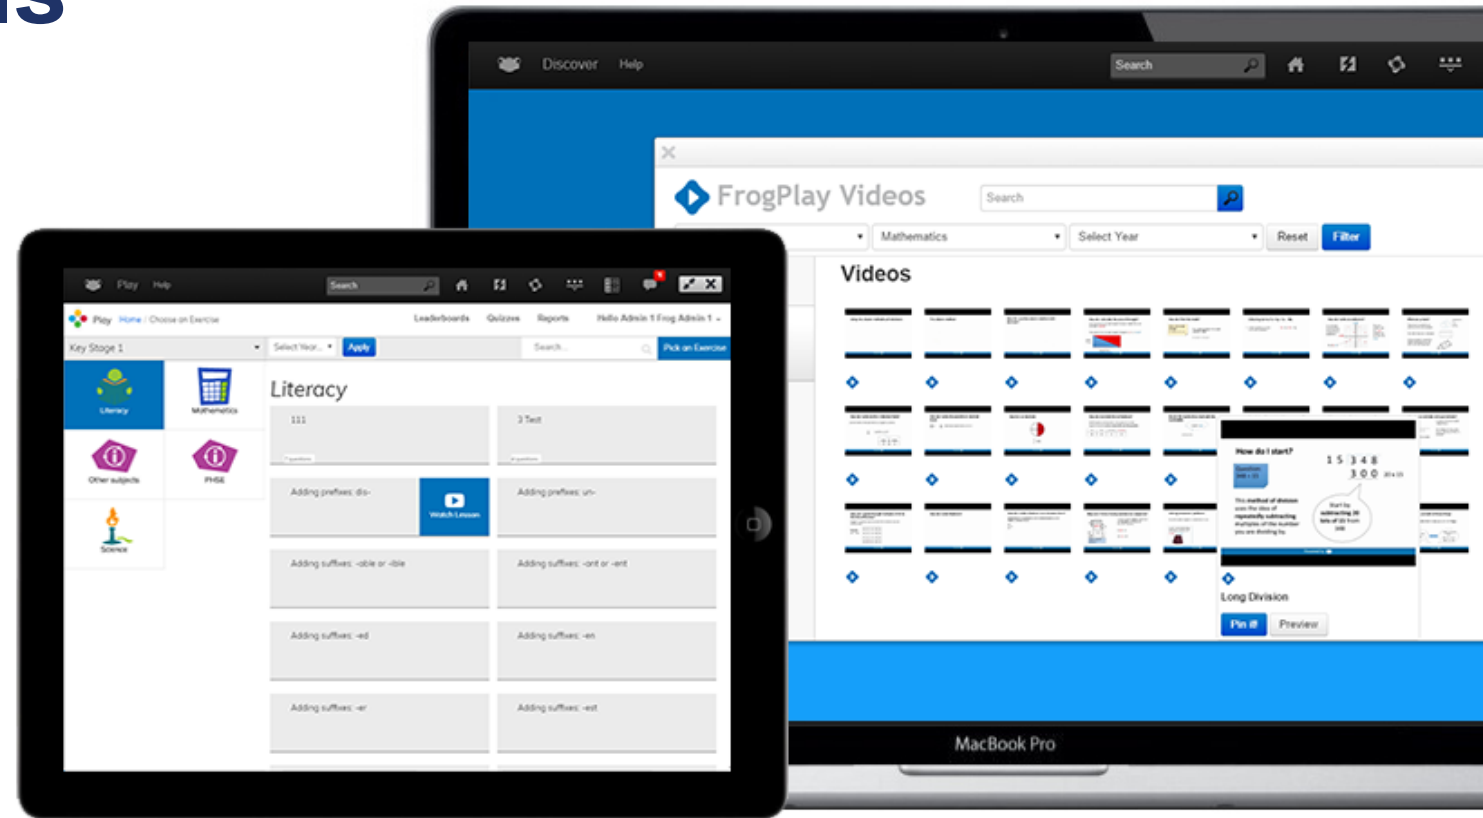

You can trust that you are testing against the right standard

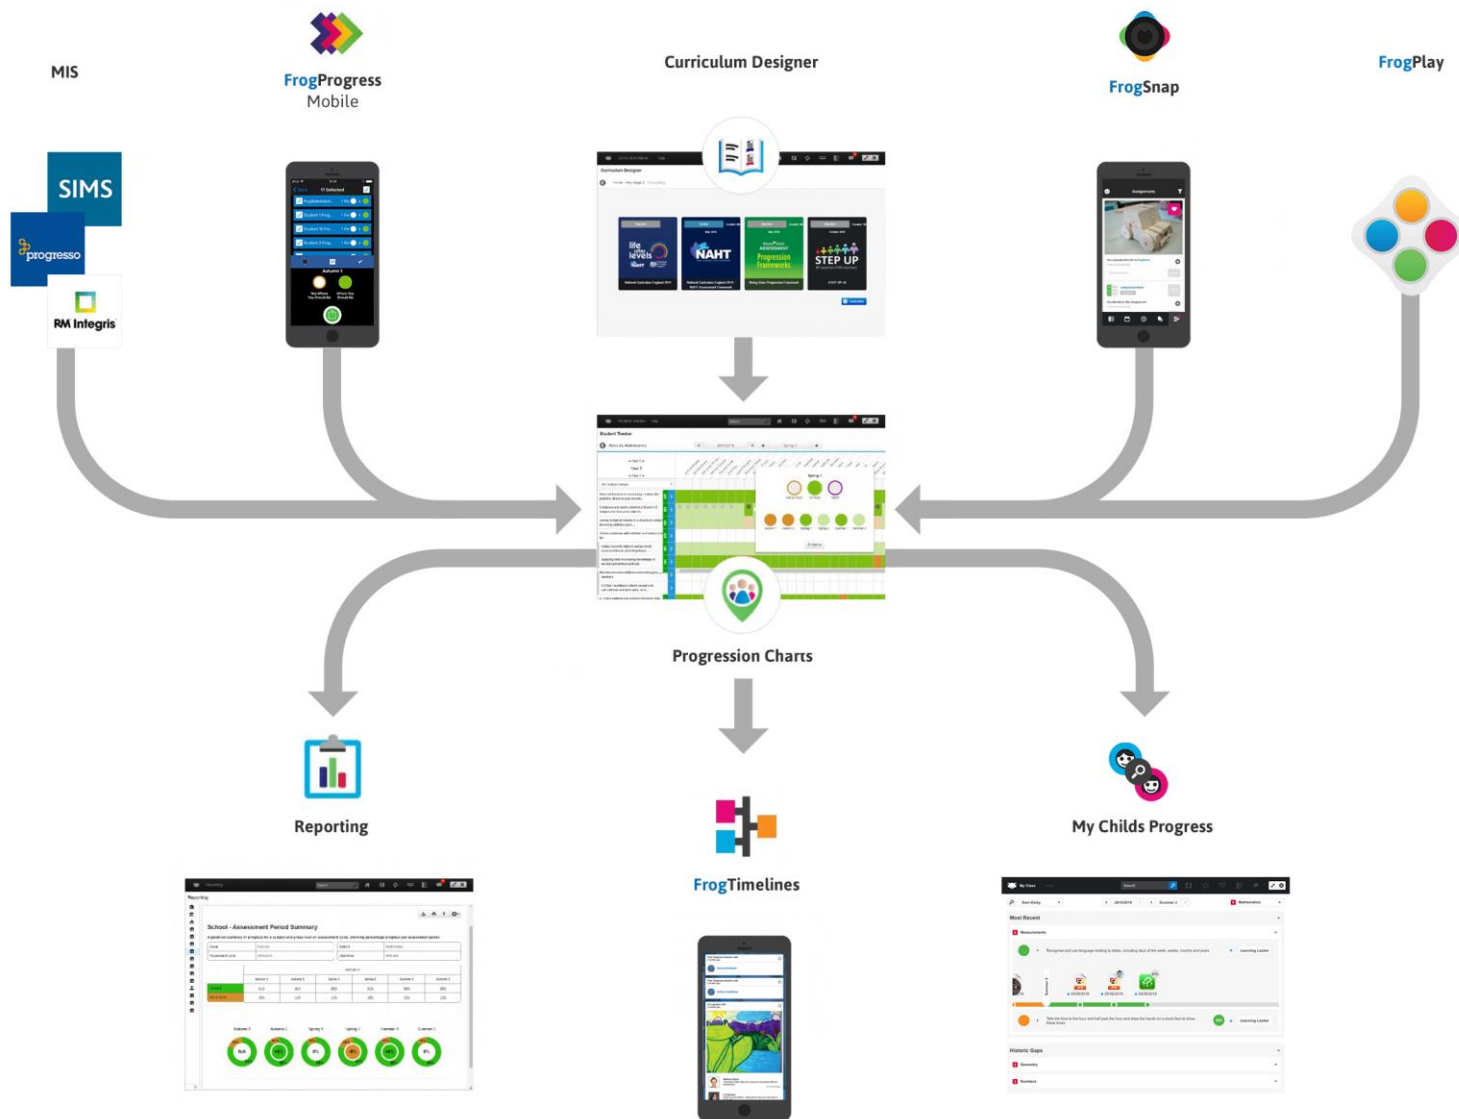

# Rich Repository of Practice and Support Materials

**Every KPI includes practice quizzes and lesson videos**

Helping students to catch up in areas where they are weak, locking in knowledge and reducing teacher workload

 **FrogProgress**

## The training covers:

- ✓ Designing a curriculum
- ✓ Setting Key Performance Indicators
- ✓ Setting a standard and developing standardisation procedures
- ✓ Internal and external moderation
- ✓ Developing and using exemplification and standard files
- ✓ Using assessment outcomes

## life<sup>after</sup> levels

is a collaboration founded by NAHT and Frog Education to help schools take advantage of the removal of national attainment levels.

## Written and delivered by experts

The courses are developed, written and delivered by a team of assessment experts and former teachers. We are working towards accreditation by the Chartered Institute of Educational Assessors (CIEA).

**Simon Sharp**

Vice-chair  
of CIEA

**Mick Walker**

Former Director of QCDA  
& accountable for National  
Curriculum Tests 2009-11

**Graham Herbert**

Education & Assessment  
Consultant

# frogProgress

The end-to-end **teaching, learning**  
**and assessment** solution.

It's everything you need.
